1st INTERNATIONAL CONFERENCE ON NOVELTIES IN INTELLIGENT DIGITAL SYSTEMS

NiDS2021 is the upcoming Conference of the series of Novelties in Intelligent Digital Systems Conferences being dedicated to the **application and incorporation of intelligent techniques in systems and software**. NiDS2021 places a special emphasis on the novelties of intelligent methods and interdisciplinary research for enabling, supporting and promoting AI techniques in software development.

To support a robust and qualitative review process, NiDS2021 is organized into 3 tracks: *I. Big Data & IoT Technologies and applications* (*Leader: Prof. Athanasios Voulodimos*), *II. Intelligent Information Processing applications (Leader: Prof. Claude Frasson)*, and *III. Intelligent Custom Software Development and applications (Leader: Prof. Aikaterini Kabassi)*.

The conference will be held in **Athens, Greece** from **September 30 to October 1, 2021**.

TOPICS OF INTEREST

NiDS2021 announces an open CFP and invites authors to submit their contributions in the form of *scientific papers, posters, doctoral consortium, workshops and tutorials*. Topics of Interest include, but are not limited to:

- Adaptive Systems
- Affective Computing
- Augmented Intelligence
- Big Data
- Cloud Computing
- Cybersecurity
- Data Mining & Knowledge Extraction
- Decision Making Systems
- Deep Learning applications
- Expert systems
- Fuzzy Systems
- Genetic Algorithm Applications
- Human-Machine Interaction
- Information Retrieval
- Intelligent Modeling
- Multi-Agent Systems
- Natural Language Processing
- Neural Networks and applications
- Pattern Recognition in applications
- Personalized Systems & Services
- Pervasive Multimedia Systems
- Recommender Systems
- Reinforcement Learning
- Semantic Web Applications
- Sentiment Analysis
- Serious Gaming
- Smart Cities
- Smart Energy
- Social Media Applications
- Text Mining
- Ubiquitous Computing
- User Modelling
- Virtual and Augmented Reality
- Web Intelligence

NiDS2021 papers should be *original and not simultaneously submitted* to any other journal/conference. The evaluation process of papers is *double-blind*. Please note that *an Author of an accepted paper must register and pay the registration fee* for inclusion in the proceedings.

All paper submissions should be made through **EasyChair Platform**.

The proceedings of the conference will be published in **Frontiers in Artificial Intelligence and Applications (FAIA)** book series (IOS Press).
